

**Scientific-technical and economic report - R&D and Innovation Projects - Euskampus
Missions 2.0 2022 Programme**

→ **Title of the R&D and Innovation project**

→ **Principal Investigator's details (PI) 1** (contact details)

→ **Details of PI 1 research institution** (contact details)

In the case of co-leadership with two principal investigators

→ **Principal Investigator's details (PI) 2** (contact details)

→ **Details of PI 2 research institution** (contact details)

Overview of the R&D and Innovation Project

- Acronym
- Key words
- Thematic field
- Challenge addressed by the project
- Abstract (maximum 100 words)

Area(s) involved in the project:

- Experimental sciences
- Engineering and Architecture
- Health Sciences
- Social and legal sciences
- Arts and Humanities

Scientific discipline(s):

Thematic /Mission field:

- **Personalised Health**
 - Personalised medicine.
 - Personalized health system/ Personalised service.
 - Healthy ageing.
 - Mental health.
 - Healthy living habits.

Other:

- **Circular Economy and responsible consumption**
 - Circular design of products, processes, etc.
 - Waste recovery.
 - New recycling technologies.
 - Agri-food.
 - Sustainable rural development.
 - Bioeconomy.

Other:

- ***Inclusive and advanced society***
 - Advanced governance and public management
 - Technology at the service of citizens
 - Demography and migration
 - Social and territorial cohesion
 - Personalised public services
 - Educational innovation

Other:

- ***Cleaner energy***
 - Climate neutrality
 - Decarbonisation of the energy system
 - Resource and energy efficiency

Other:

→ ***Scientific-technical proposal (maximum 2.000 words)***

- ***Thematic /Mission field:***
 - Context/Background
 - Rationale
 - Work plan: Objectives and milestones; Methodology; Timeline
 - Applicability/impact of results
 - Applicability/impact of results in the Thematic/Mission field
 - *Identification of ethical issues: In the case of Projects including research activity, experiments, and interventions, these will require a prior mandatory favourable report from the Ethics Committee or equivalent body of the proposing institutions before starting the Projects. Furthermore, it shall be subject to the current regulations on everything related to:*
 - *Use and processing of personal data*
 - *Research and interventions on humans and/or use of human biological samples*
 - *Use of animals for experimental or other scientific purposes*
 - *Research using genetically modified organisms*
 - *Research using biological hazardous agents for humans, animals, plants and/or the environment*

→ ***Justification of AI as a key factor for the development of the project (describing the specific methodology, tools and tasks to be performed by the AI staff within the project).***

→ ***Description of the training activity and/or involvement of other groups (e.g. students, technical staff, ...) or social agents (max. 500 words)***

→ ***Rationale for the interdisciplinary approach (maximum 500 words)***

→ **Expected impact in the regional context or for the identified stakeholders (maximum 500 words).**

- What fundamental changes does the project contribute to?
- How does the project contribute to the specified impacts (changes)?
- What are the specific objectives of the project?
- What are the results/outputs directly derived from the project activities?
- What activities will be carried out within the project and can they lead to the expected outputs/expected results/desired impacts?
- What are the resources (personnel/skills/financial/infrastructure) needed to implement the project?

→ **Capacity of the work team**

- Data and roles of the team members + brief summary of their CVs (differentiating the CVs of the people performing specific IA actions)
- Quality, track record and suitability of the team
- Summary table of the working teams (name and surname, entity to which it belongs, faculty or unit, department, research group and tasks performed in the project.)

→ **Financial proposal**

- Total budget of the work and breakdown
 - Co-financing scheme
 - Grants applied for in other Programmes
 - Grants awarded in other Programmes or Calls for Proposals
 - Forecast of local, domestic or international joint proposals.
