About the project

Name of the project:

Start date:

End date:

Funding obtained (IdEx Bordeaux and Euskampus):

Total expenditures (over the IdEx and Euskampus funding) in year XXX:

SCIENTIFIC REPORT

1. Keywords

2. Summary

Project summary and milestones for the year XXX (maximum 20 lines)

3. Progress of the project and main results for the year XXX

Describe here the initial objectives of the project, its state of progress, the results obtained, any difficulties encountered and its prospects. On the latter aspect, please also mention the projected use of the funds that would be allocated to support the project for the year XXX+1.

Provide indicators demonstrating the project progress:

- *Co-publications by indicating in bold the Bordeaux and Basque authors and distinguishing o publication(s) in peer-reviewed journals (submitted or published) o other publications*
 - *Interventions in the context of conferences, poster, participation in workshops / summer schools*
 - *Co-tutelles or co-supervisions of thesis*
 - *Incoming / outgoing mobility (student, doctoral student, researchers)*
 - *Organized event(s)*
 - *Training(s)/study program(s) developed*
 - *Patents*
 - *Other*
-

4. Human Resources (Bordeaux and Basque Country) involved in the project

Please list here the researchers involved in the project during year XXX, giving details about the activities in which they participated and their level of involvement (possibly mentioning the percentage of time spent on the project)

5. Socio-economic impact

Describe the socio-economic impact of the project (if relevant)

5.1 Partnerships with companies, competitiveness clusters..., and established contractual relationships

5.2 Actions undertaken for the dissemination of knowledge

6. Co-funding obtained

Please indicate here any external funding obtained that is directly related to the LTC project.

| | Breakdown per year | 2017 | 2018 | 2019 | 2020 |
|---------|-----------------------|------|------|------|------|
| Public | National funding | | | | |
| | European funding | | | | |
| | International funding | | | | |
| | Other | | | | |
| Private | | | | | |

7. Comments

These comments on the project can include comments on the project itself and its trajectory, on the indicators provided, on the financial aspects...
