

Memorandum of Proposed Expression of Interest for the 2023/2024 Program "Euskampus ONKO-ON Missions".

REQUIRED DOCUMENTATION:

1. Understanding of the mission. An assessment and interpretation of the stated mission with the necessary contextual elements for its understanding.

(1 page)

2. Proposed working approach highlighting the value proposition and its holistic and systemic nature including the following aspects.

- a. Contextualisation
- b. Objectives pursued
- c. Work plan
- d. Own resources deployed
- e. External resources expected to be activated
- f. Expected results and impacts
- g. Potential timetable of work
- h. Estimated budget

(maximum 10 pages)

3. Personnel involved in the expression of interest. Presentation of the people or team showing their suitability with regard to the proposed proposal.

(maximum 2 pages)

4. List of background and references that endorse the team behind this value proposition.

(maximum 2 pages)

5. Other actors/agents to be mobilized throughout the action, justifying their presence and the value they contribute to the proposal.

(maximum 2 pages)

The abbreviated Curriculum Vitae (CVA) of the persons appearing under an expression of interest shall be attached, according to the format of the Spanish Foundation for Science and Technology, FECYT, established by the Spanish Ministry of Science and Innovation. The CVA is automatically generated from the FECYT [Standard Curriculum Vitae](#) application. Researchers from the University of Bordeaux may submit their CV in the format proposed by the ANR- Agence Nationale de la Recherche.
